

INFORMATION SECURITY FOR STUDENTS

Learn to protect yourself & UW data from online threats: ciso.uw.edu/education

1 PROTECT YOUR NetID CREDENTIALS

Don't share your UW NetID password or use it for other accounts. Only enter NetID credentials on idp.washington.edu.

2 THINK BEFORE YOU CLICK

Be skeptical of links and attachments in email, even if you recognize the sender.

3 SECURE DEVICES & COMMUNICATIONS

Use encrypted communications services such as **eduroam** and **HuskyOnNet** VPN.

4 BEWARE OF GIFT CARD & OTHER SCAMS

If anyone emails to ask you to buy gift cards, beware!

Learn more about scams here: ciso.uw.edu/education/scams

5 REPORT PHISHING EMAILS & OTHER SCAMS

Report phish and other email scams to help@uw.edu.

If you think your UW NetID has been compromised, contact help@uw.edu.
