INFORMATION SECURITY FOR STUDENTS
Learn to protect yourself & UW data from online threats: ciso.uw.edu/education

1 PROTECT YOUR NetID CREDENTIALS
Don’t share your UW NetID password or use it for other accounts.
Lock down your login with 2FA.
Find more info at: https://itconnect.uw.edu/security/uw-netids/2fa

2 THINK BEFORE YOU CLICK
Be skeptical of links and attachments in email, even if you recognize the sender.

3 SECURE DEVICES & COMMUNICATIONS
Use encrypted communications services such as eduroam and Husky OnNet VPN.

4 BEWARE OF GIFT CARD & OTHER SCAMS
If anyone texts or emails to offer you a job, asks you to purchase gift cards, or requests your personal or banking information, beware!
Learn more about scams here: ciso.uw.edu/education/scams

5 REPORT PHISHING EMAILS & OTHER SCAMS
Report phish and other email scams to help@uw.edu.
If you think your UW NetID has been compromised, contact help@uw.edu.
